POLICY STATEMENT

1. VALUES
Shine Bright EYM is committed to:

- employing educators with a range of relevant qualifications and experience to provide a quality educational program that meets the needs of children and families in the community
- employing educators according to policy and funding requirements

2. SCOPE
This policy applies to the Approved Provider and may include the Educational Leader.

3. BACKGROUND AND LEGISLATION
Background
Shine Bright EYM values our Early Years Educators. In a climate of shortage of appropriately qualified educators Shine Bright EYM supports opportunities for our current educators to progress, through further study, on a career path towards more qualified positions within our organisation.

Research has demonstrated that the employment of appropriately-qualified staff in early childhood services is a key contributor to the delivery of quality programs and better learning outcomes for children. “Those with higher qualification levels and standards of training are better equipped to provide improved learning environments and mentor educators in quality practices, leading to better outcomes for children” (Guide to the Education and Care Services National Law and the Education and Care Services National Regulations 2011). The Australian Government has acknowledged this by legislating minimum qualification requirements for all educators working in early childhood education and care services. Eligibility for services to receive funding also includes requirements for staff to hold specific qualifications (Victorian kindergarten policy, procedures and funding criteria – refer to Sources).

A current list of approved qualifications is available on the Australian Children’s Education and Care Quality Authority (ACECQA) website (refer to Sources). Applications can also be made to ACECQA to determine if other qualifications (such as those gained overseas) entitle the individual to work as an early childhood teacher, diploma-level educator or certificate III level educator. Application forms are available on the ACECQA website and a fee is required for processing an application.

Legislation and standards
Relevant legislation and standards include but are not limited to:

- *Education and Care Services National Law Act 2010*: Sections 12, 13, 14, 161, 162, 169
- *Equal Opportunity Act 2010* (Vic)
- *Fair Work Act 2009*
- *Information Privacy Act 2000* (Vic), as amended 2011

    - Element 4.2.1: Professional standards guide practice, interactions and relationships.
    - Element 4.2.2: Educators, co-ordinators and staff members work collaboratively and affirm, challenge, support and learn from each other to further develop their skills and to improve practice and relationships.
  - Standard 7.1: Effective leadership promotes a positive organisational culture and builds a professional learning community.
    - Element 7.1.2: The induction of educators, co-ordinators and staff members, including relief educators, is comprehensive.

4. DEFINITIONS

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Regulatory Authority, National Law, National Regulations etc. refer to the General Definitions section of this manual.

**Actively working towards:** An educator who is enrolled in a course for a qualification and provides the Approved Provider with documentary evidence of their commencement in the course, their satisfactory progress towards completion of the course and ongoing evidence that they are meeting all the requirements to maintain their enrolment. Educators who are ‘actively working towards’ an approved diploma-level qualification must also hold an approved certificate III level education and care qualification or have completed the mandatory units of study in an approved certificate III level education and care qualification as determined by the national authority (ACECQA).

**Certified Supervisor:** An educator with a Supervisor Certificate (in accordance with the National Regulations) who may consent to being placed in day-to-day charge of the education and care service. The designation must be made by the Approved Provider or the Nominated Supervisor and accepted in writing by the Certified Supervisor. A Certified Supervisor placed in day-to-day charge of a service does not have the same responsibilities under the National Law as the Nominated Supervisor. Applications for Supervisor Certificates are assessed by the Regulatory Authority.

**Early childhood teacher:** A person with an approved early childhood teaching qualification. Approved qualifications are listed on the ACECQA website: www.acecqa.gov.au

**Educator:** An individual who provides education and care for children as part of an education and care service.

**Educational Leader:** The Approved Provider of an education and care service must designate, in writing, a suitably-qualified and experienced educator, co-ordinator or other individual to lead the development and implementation of educational programs at the service (Regulation 118). This person must have a thorough understanding of the Early Years Learning Framework (or other approved learning framework), be able to guide other educators in their planning and reflection, and mentor colleagues in the implementation of their practice.

**Working with Children (WWC) Check:** The check is a legal requirement for those undertaking paid or voluntary child-related work in Victoria and is a measure to help protect children from harm arising as a result of physical or sexual abuse. The Department of Justice assesses a person’s suitability to work with children by examining relevant serious sexual, physical and drug offences in a person’s national criminal history and, where appropriate, their professional history. A WWC Check card, notice or document (valid for five years), is granted to a person under working with children legislation if:

- they have been assessed as suitable to work with children
- there has been no information that, if the person worked with children, they would pose a risk to those children
- they are not prohibited from attempting to obtain, undertake or remain in child-related employment.

Educators who have VIT registration are not required to also have a WWCC
